ENGINEERING NEWS

INDEX TO VOLUME LXXIII, JANUARY 1—JUNE 30, 1915

Subdivided into GENERAL (including AUTHORS,) ENGINEERING LITERATURE AND CONTRACT PRICES

EXPLANATORY NOTE

This index follows, generally, the methods adopted, and more fully explained, with the index for Volume 71. An asterisk (*) indicates an illustrated article and (n), (ns), note, notes. As such are designated the articles under "Appliances and Materials" and many of the briefer ones under "News of the Engineering World," although in large type. Letters are not distinctively specified, nor are editorials usually. An editorial referring to an article may be indexed by appending the page number.

Following is a list of the pages included in the several numbers of this volume, by date:
